

Come On In My Kitchen

Johnny Winter

Woman that I'm lovin'
Got her from my best friend
That joker got lucky
Stole her back again You better come on in my kitchen
'Cause its goin to be rainin outdoors
Baby, now Woman gets in trouble
Everybody throws her down
Lookin' for good friends
You know they can't be found Better come on in my kitchen
'Cause its goin to be rainin outdoors
Yeah, rain, fall on down, now
Oh, you better come on inside now, yeah The time in comin'
Well, I know it must be so
Oh, you can't beat the winter, babe
Just drive on slow You better come on in my kitchen
'Cause, its goin to be rainin outdoors
Woh, you know it is
