I Fell In Love Today

Ween

I got nothing to lose
I saw the sun in May
I've got something to hold on to
I fell in love today
I saw the break at dawn
I saw a child in play
I saw the spring in the winter time
I fell in love today
I walk with the birds in flight
I fly with love today
Green grass never looked so good
I fell in love today
I feel like a million bucks
Nothing could break my sway
You people can't touch me
I fell in love today
