

God Is Good

Jason Nelson

Tell me bout em
There is something that I just gotta say
Its been on my mind just a little while
Tell me bout em
Its a feeling no one can take away
Its the joy I got on the inside now
Tell me bout em
I get joy every time I think about him
Bout all the Lord has ever done for me
Tell me bout em
So through my good and my bad Im gon send my praise up
Lift my hands and raise up, cause hes been so goodChorus
God is good, all the time
and All the time, God is goodGod is good, all the time
and All the time, Tell me bout emHes here and there, everywhere at the same time
With millions in the world Im always on his mind
Always taking care of me setting up my destiny
Removing obstacles, Im so grateful
Hes always there in a shield to protect me
So much that the Lord has done for me
So through my good and my bad Im gon send my praise up
Lift my hands and raise up, cause hes been so goodRepeat Chorus
God is good, all the time
and All the time, God is good X 3God is good, all the time
and All the timeIf he never does another thing for me
