

# War

## Nowherebound

War

Lift off, re-ignition,  
Hit pause, then cue the cynic,  
This revolutionâ€™s on TVâ€™!  
While these streets still tease the homeless  
Your godâ€™s still homophobic,  
This armageddonâ€™s yours to wageâ€™!

Warâ€™!  
And oblivion!  
Warâ€™!  
Oblivionâ€™.

War!!!!!!

Dead kids, well-armed parents,  
Defend a dead amendment  
Well, hereâ€™s your rifle, howâ€™s your aim?  
For U.S.Assassination,  
On RealiTV nationâ€™!  
Your demigod just took the stageâ€™!

Welcome to your oblivion,  
Enjoy! Your War!  
A World where the gods murder their young  
Your Faith, Restored!  
Construct more coffins for our sons,  
Board by boardâ€™!  
What for?  
Warâ€™.
