Dear Candy

Ryan Adams

I was never near
Just a shadow on your walls
I was never here at all
Dear Candy
I was never yours
You were never mine
I was never near at all
Dear Candy
This was all a fantasy of yours
This was just a dream you had
And I was never here
I was never here
You were never mine
I was never yours
Whoah, Candy
Oh, Candy
Do you see me in your dreams?
Do you whisper my name?
Do you hear when my static rings in your ears?
Candy
I was never yours
You were never mine
I was never near at all
Dear Candy
This was all a fantasy of yours
This was just a dream you had
And I was never here
I was never here
I was never here at all
Oh, Candy
