

# Dear Candy

[Ryan Adams](#)

I was never near  
Just a shadow on your walls  
I was never here at all  
Dear Candy  
I was never yours  
You were never mine  
I was never near at all  
Dear Candy  
This was all a fantasy of yours  
This was just a dream you had  
And I was never here  
I was never here  
You were never mine  
I was never yours  
Whoah, Candy  
Oh, Candy  
Do you see me in your dreams?  
Do you whisper my name?  
Do you hear when my static rings in your ears?  
Candy  
I was never yours  
You were never mine  
I was never near at all  
Dear Candy  
This was all a fantasy of yours  
This was just a dream you had  
And I was never here  
I was never here  
I was never here at all  
Oh, Candy
