

Salute U

Hamilton Park

Ay, so you got a job for me baby
You ready

Hope ya ready babe
Cause I'm a give it to ya
What cha saying babe
What cha want me da do ya
You're probably use to small artillery
But I'm a higher rank
No small pistols and handguns
I'm working with a tank
I ain't in training babe
I'm a pro this gun girl
And I'm a hit that target
Like a sniper

Standing at attention I'm gonna salute u
I'm gonna salute u, I'm gonna salute u girl
Lacing up my boots girl
I wanna get into ya
I'm a give it to ya
I'm a give it to ya

Baby, have you met my private
I promise you, you won't deny it
It's so excited to see ya
But please don't try da fight it
I can't get enough
Girl I'm a solider on this mission
And I can go the distance for you
Be all I can be
Girl I respond to the call of duty
I'm a veteran on that booty girl

Standing at attention I'm gonna salute u
I'm gonna salute u, I'm gonna salute u girl
Lacing up my boots girl
I'm gonna get into ya
I'm a give it to ya

I'm a give it to ya girl

Give me a command I'm a execute

What you wanna do say up down

Where you wanna go

I'll be in the trenches giving you this business

Say up down

Girl I'm so excited it's hard for me da hide it

Now it's taller than a skyscraper but hotter than a vapor

Put me in that boot camp I'm gone knock them boots yeah

Standing at attention I'm gonna salute u

I'm gonna salute u, I'm gonna salute u girl

Lacing up my boots girl

I'm gonna get into ya

I'm a give it to ya

I'm a give it to ya girl
