

# Touchdown Turnaround (Don't Give Up On Me)

## Hellogoodbye

every night i see you standing on the corner, shaking that thing like you're playing Pop Warner  
touchdown turnaround play by play, keep the score would you turn me down if i'm not what your looking for.

I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me) threw so hard

Touchdown turnaround, i never see you around anywhere or anymore, you are what i'm looking for touchdown  
turnaround everything is safe and sound, everywhere and every time, I am yours and you are mine Little League  
in '93 taught me how to take defeat, good thing there's no mercy rule in love 'cause I would long be beat, hit the  
ground look around but there's nowhere to be found accept my loss and head back to the mound.

I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me) threw so hard

Touchdown turnaround, i never see you around, anywhere or anymore, you are what i'm looking for,  
touchdown turnaround, everything is safe and sound, everywhere and every time, i am yours and you are mine.

I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me) threw so hard

Touchdown turnaround, i never see you around, anywhere or anymore, you are what i'm looking for touchdown  
turnaround, everything is safe and sound, everywhere and every time, i am yours and you are mine.
