

Red View

Solefald

burn the edges of your thoughts
feel the air beneath
burn the edges of your thoughts
feel the air beneath witness the cosmic dance from a red view burn the edges of your thoughts
devastating fire
burn the edges of your thoughts
devastating fire pieces of a paradise never created
floating on the tide of the human mind
washing the shores of the microcosmos
guiding hordes of men
towards the sick and the blind red view ascend, descend - the order of chaos
stay safe in the eye of the renaissance tornado see the universe unite and yourself become its key,
and a sense of correlation your opportunity
