

Cum

En Esch

Come on honey be my animal, my criminal, my cannibal
Come on love me like an animal, a criminal, a cannibal

You've never been such a ???
To be mine 'til the end of our days
You've never stolen my heart
Get into you have to ???

I want it all (x3)
Baby I want it all ya ya ya

Come on honey be my animal, my criminal, my cannibal
Come on love me like an animal, a criminal, a cannibal

You've never taken me ???
??? just let me cry
Your loving never been true
It's a mess you've never made me blue

I want it all (x3)
Baby I want it all ya ya ya

Come on honey be my animal, my criminal, my cannibal
Come on love me like an animal, a criminal, a cannibal
