

Reconsider (HugLife Remix)

The xx

Remember me, I'm the one that's back from over
Time's gone by and I'm still so far from over
You reappeared like you had never been gone
I lose composure
You're touching me like you have no desire for closure
Reconsider Did you lie awake like I did
I stayed up 'til the stars didn't recognize me
So long
I waited so long
Now you don't see the skies that I do
My sun becomes your moon
For a familiar love
I am familiar love
