

# In It For Life

## Sick Puppies

There's a time when we try  
To begin what is ending  
If at first you don't succeed  
Then we just end up pretending If the dream isn't real  
Is the lie worth defending?  
Close your eyes, cover your ears  
Shut your mouth You can act naive  
But I know you're not stupid You'll wake up when I walk out  
Isn't that the way it plays, the leaver leaves, the stayer stays  
You wouldn't make a move, so I made mine  
Isn't it a pity, I wish you were really in it for life  
I wish that you were in it for life What you give is what you get  
And what you got is now next to nothing  
'Cause the life that you've accepted  
Is the one that's least disruptive Are you aware of the fact  
That when I pull, there's no pulling back  
You have half the mind, half the heart  
Half the will You can act nave,  
But I know you're not stupid You'll wake up when I walk out  
Isn't that the way it plays, the leaver leaves, the stayer stays  
You wouldn't make a move, so I made mine  
Isn't it a pity, I wish you were really in it for life  
I wish that you were in it for life Some people talk like they can't hear  
Some people walk but get nowhere  
And when I'm done with the run I'm going on  
I'm sure I'll be your biggest regret  
You'll never forget You'll wake up when I walk out  
Isn't that the way it plays, the leaver leaves, the stayer stays  
You wouldn't make a move, so I made mine  
Isn't it a pity, I wish you were really in it for life  
I wish that you were in it for life Yeah, you can run but you can't hide  
'Cause everything you're running from is locked inside
