What Happened

Club Drive

Stuck in a state now
Is it too late?
I think weâ€™re in way over our heads
Is it a change now?
Weâ€™ll just forget it
Bury it in ignorance

If we let this go
I donâ€™t think thatâ€™s hurt
We all just cope with the change
Is it all too late?
Just accept our fate
As we all hold some of the blame

What happened to the good old fashioned?
The face-to-face and the table manners
Change ways and it all comes crashing
Dragging the rest of us down

Donâ€™t mind it all
And donâ€™t try it all
Letâ€™s see what weâ€™re losing
The rise and fall
And the lies we told
And how we abuse it

If we let this go
I donâ€™t think thatâ€™s hurt
We all just cope with the change
Is it all too late?
Just accept our fate
As we all hold some of the blame

What happened to the good old fashioned?
The face-to-face and the table manners
Change ways and it all comes crashing
Dragging the rest of us down

What happened to the good old fashioned?
The face-to-face and the table manners

Change ways and it all comes crashing
Dragging the rest of us down
Dragging the rest of us down
