

Krystal Karrington

Camp Lo

On and on and some try to do this
Yes y'all in to the Camplo On and on and some try to do this
Yes y'all in to the Camplo I get Krystal Karrington, ice rock gritty
Carly doh on flowin' tea flashers, Acapulco how my sign seen
Second to catch it
First I feel it when I peel it
In the hall wit my orchestra, orchestratin' my plans Gifted Caramela, Cinderella hold a fella tight
Make the octopussy do tha why to see for the night
Call me by first name - Cheeba, sip the tang divas
In my sinasex get the intersect, it's the kid
But she make me wanna holla pass a dollar wit glass
Sucky, sucky for the nookie, mediatin' on that arse
Doc that feel good, but it feel good when I splash
Get me high make me eat the hunky pie, Seaworld We gone navigate the underground, blammin' out Metropolis
Higher rock to this said the eighty-five I take my steez
Turnin' towards Kahlua, knew I shouldn't a ran it through
And I should clean my shadow, any in that ego
We could take it to the Lugers, Cheeba make them unfold
Took my scammer s'now old, meditate on this one
Check I'm freezin' wit the flame I put the blame on tough job
Generatin' low life, Geechi Suede c'est la vie Shook it off, now start to say one Bogart
Caca, Caca convince her and bulletproof heart
Its swift ice burglins on clips don't slip
They shift the diamonds we suck on my crew and lucky stips On and on and some try to do this
Yes y'all in to the Camplo On and on and some try to do this
Yes y'all in to the Camplo Above the aquapool, hovercrafts teleport my lubricant
Golden axe, who's the drunken monk, uno delegate
Margarita glinch, lyric cannon out my trench
Welcome back to Fairy, Sonny Cheeba out garden Count to ten - I freaks my porter bloody peaks in
Don't theme the pimps for his devil ment - fuck that
Need this, game genie pourin' me a weeny and a buttist
Sustain that gain while I free fall
Lets do this - Hoppin', sat in not jivin'
Hijackin' trains like - everybody get some
Its like that ho height, elephants speak up
Down the wino Jones in pardon if I break up Protectin' east give the signals, got my henchman a mail ya
Convincin' Kashmir runnin' cat scans on sequence
Then we Shalamar assassinate the seminar
Simarotta symphony hit the ball flee the globe

Dynamo dinero, crusade genie casino
Cheeba ride the rhino, royal rubies at Reno
Venezuela electric, twistin' trees Tahiti
Forty these a terror that ever belongs to Suede
Crash - Tell a tubby 'cause Angelica is tellin' a
Cash saratoga, Fahrenheit is flat, fuck the die
End of year for this Kashmir, Suede shit bro
Microwavin' yo ass, and meltin' in yo mouth, like
On and on and some try to do this
Yes y'all in to the Camplo
On and on and some try to do this
Yes y'all in to the Camplo
