

# Let's Try It Again

## New Kids On the Block

I've heard of true loves that lasted forever  
I guess there is a way  
And I've heard of true loves that needed each other  
More and more each day What is love when there is no one that cares  
Next time you need my love I'll be there, be right by your side Let's try it again, try it again  
Let's try it again my love for you it has no end  
Let's try it again till the end  
All because I love you I've heard of true loves that stayed with each other  
Didn't wander through the night  
And I've heard of true loves that prayed for each other  
Didn't argue, fuss or fight Now I know just what love's all about  
Next time you need my love I won't doubt, doubt your love again Let's try it again, try it again  
Let's try it again my love for you it has no end  
Let's try it again till the end  
All because I love you You got to try it again  
My love for you it has no end  
You know and I know  
It's all because I love you Let's try it again, try it again  
Let's try it again my love for you it has no end  
Let's try it again till the end  
All because I love you
