Smoke One

Anthony David

Smoke one with your folk
Drink one with ya boy
I know it's been a little while
Since we had a little funSmoke one with your folk
Drink one with ya boy
I know it's been a little while
Since we had a little funFancy running into you again
At this place, at this time
All the memories are rushing back againMy old friend, how you been doing, yeah?
Somebody told me that you lived down here
Somebody told me you bought a crib down here
Maybe I could check it out, I could swing by the house
Maybe I could talk you into doing something badSmoke one with your folk
Drink one with ya boy
I know it's been a little while
Since we had a little funSmoke one with your folk
Drink one with ya boy
I know it's been a little while
Since we had a little funHey, we can do some of the things we used to do
Or we can put our heads together
And come up with something new, yeahAll I want to do tonight is get next to you
We can make up for lost time
Share what's happening in our livesI know some things change
But some things stay the same
Like the magic that occurs whenever we meetThe way you move, the way you dance
The way you smell, indeed divine
Some things do get better with timeSmoke one with your folk
Drink one with ya boy
I know it's been a little while
Since we had a little funSmoke one with your folk
Drink one with ya boy
I know it's been a little while
Since we had a little fun
