

# I'm Leaving It (All) Up To You

**Donny Osmond**

I'm leaving it all up to you  
You decide what you're gonna do  
Now do you want my love  
Or are we through That's why I'm leaving it up to you  
You decide what you're gonna do  
Now do you want my love  
Or are we through My heart in my hand  
I don't understand  
Baby, what, what have I done wrong  
I worship, I worship the ground that you walk on That's why I'm leaving it up to you  
You decide what you're gonna do  
Now do you want my love  
Or are we through
