Women Help To Create The Kind Of Men They Despise

Lambchop

Women help to create the kind of men they despise
Misery is often apparent of some affecting touches
That were composed under her name
Or, the dignity of criticism increases the confusion in menHer heart clenched, sexual
More breathlessly than if she had
And she felt that she was equipped to understand them
The passage of time increases the confusion in men
I've seen itShe loved the spare texture
Of his difficult, and sad books,
And felt she was exceptionally
Equipped with Stanley Wilson's
DistractionsRug that opened as a well of color at her feet
