Looking Forward to Seeing You

Golden Smog

Looking forward to seeing you
In the sunshine on my time
In a station off the coastline
Coming in viewLooking forward to seeing you
In that one room down the hallway
With two doorways and a window
Without a viewIt all comes in threes
I purchased six but I still got threeLooking forward to seeing you
Where the sun shines off the coastline
In a station on your time
Coming in viewLooking forward to seeing you
In that one room down the hallway
With two windows and a doorway
We cant get throughIt all comes in threes
I purchase six but I still got threeLooking forward to seeing you
Looking forward to seeing you
Looking forward to seeing you
Looking forward to seeing youYou, you, you
You, you
