

# Love Will Find You

ATB & Heather Nova

I believe it's all inside you  
All the answers  
Strip it down and see the light come  
Through the crowd  
I believe it takes a moment  
Just to know it  
Listen to the windLet go of the fear  
Let go of everything  
Let go of it's realm  
Love will find youThere you go, you're down again  
Disbeliever  
Hoping for a way to get through  
Desire  
Everything in life is shown you  
It's so easy  
Listen to the windLet go of the fear  
Let go of everything  
Let go of it's realm  
Love will find youLet go of the fear  
Let go of everything  
Let go of it's realm  
Love will find youI believe it's all inside you  
All the answers  
Strip it down and see the light come  
Through the crowd  
I believe it takes a moment  
Just to know it  
Listen to the windLet go of the fear  
Let go of everything  
Let go of it's realm  
Love will find youLet go of the fear  
Let go of everything  
Let go of it's realm  
Love will find you  
LoveLet go  
Let go  
Let go  
Let go
