Pigpen

Grinspoon

Another revolution on your mind
Fast, quick get into the cab
Sell her on the telephone line
Mud sticks,
Sitting in the pigpen
Sitting in the pigpen
Staring at the ground
Living in the pigpen
When you're there we'll start to stuff around
Cocksuck! better watch your language
Trying to go get our wagers on the ground
I'm free, now that I've got freedom
Sitting in the pigpen

Laughing all around
Living in the pigpen
Ohhh you're stuck in the ground
Stuck in the ground
Wishing you'd had known about it then
Drink up thinking of the asshole
Firestarter flies up ahead
I know, better than a way down
Sitting in the pigpen
Staring at the ground
Living in the pigpen
