Octopus

Bloc Party

It hid and it hid in his bedroom
Psycho killer teen dream action film
Gonna show you how we get down
In my hoodBubbling bubbling cheap champagne
Leyendecker hole wrecker feel no pain
Lying face down when I swing your way
And what?
What's my name what's my name?Mary Anna said it's a no-go
She don't feel like, she don't think so
I don't know why I feel like crying
Well come on, come on
Say come on, come onThey ran and they ran from his classroom
Roll another 40, make them scream
Gonna show you how we do things
In my hoodTripping and a-tripping, erase all tapes
John Wayne, Rob Roy feel no pain
This is the point where you look the other wayYou done
Lost your mindMary Anna said it's a no-go
She don't feel like, she don't think so
I don't know why I feel like crying
Well come on, come on
Say come on, come onMary Anna said it's a no-go
She don't feel like, she don't think so
I don't know why I feel like crying
Well come on, come on
Say come on, come on
