

# Paradise (Motive 8 Celestial Club Mix)

Kaci

Could it be the little things you do to me  
Feelings that I'm feeling are so new to me  
I'm going through so many changes  
Nothing ever felt as strange  
As how my heart goes crazy when you look at me When I'm with you it's paradise  
No place on earth could feel so nice  
Through the crystal waterfall I hear you call  
Just take my hand it's paradise You kiss me once, I'll kiss you twice  
As I gaze into your eyes, I realize it's paradise  
Ooh yeah Now I know the sweetest dreams can all come true  
'Cuz I found heaven here on earth when I found you  
It's nothing I can ever make up, oh I hope I never wake up  
Just to find this isn't true reality When I'm with you, it's paradise  
No place on earth could feel so nice  
Through the crystal waterfall I hear you call Just take my hand, it's paradise  
You kiss me once, I'll kiss you twice  
As I gaze into your eyes, I realize it's paradise  
Ooh yeah The world around us disappears without a trace  
Telling me that I have found the perfect place  
Let us stay this way forever deep in love  
And may I never spend another day without you close to me Oh paradise  
Yeah, yeah, yeah, yeah, yeah  
Oh Just take my hand, it's paradise  
You kiss me once, I'll kiss you twice  
As I gaze into your eyes, I realize it's paradise Just take my hand, it's paradise  
You kiss me once I'll kiss you twice  
As I gaze into your eyes, I realize it's paradise  
As I gaze into your eyes, I realize it's paradise  
Oh yeah, oh, it's paradise, oh
