

Change (Extended Version)

Tears for Fears

You walked into the room
I just had to laugh
The face you wore was cool
You were a photograph When it's all too late
It's all too late I did not have the time
I did not have the nerve
To ask you how you feel
Is this what you deserve When it's all too late
It's all too late Change, you can change
Change, you can change And something on your mind
Became a point of view
I lost your honesty
You lost the life in you When it's all too late
It's all too late We walk and talk in time
I walk and talk in two
Where does the end of me
Become the start of you When it's all too late
It's all too late Change, you can change
Change, you can change Change
Change Change, you can change
Change, you can change Change, you can change
Change, you can change What has happened to the friend
That I once knew, has he gone away? When it's all too late
It's all too late Change
Change Change, you can change
Change, you can change Change
Change
