

# Dark Center of the Universe

## Iron Horse

I might disintegrate into the thin air, if you'd like  
I'm not the dark center of the universe, like you thought  
I might disintegrate into the thin air, if you'd like  
I'm not the dark center of the universe, like you thought Well, it took a lot of work to be the ass that I am  
And I'm real damn sure that anyone can, equally easily fuck you over  
Well, died saying something, but didn't mean it  
Everyone's life ends, but no one ever completes it  
Dry or wet ice, they both melt and you're equally cheated Well, it took a lot of work to be the ass that I am  
And I'm really damn sure that anyone can, equally easily fuck you over  
Well, an endless ocean landin' on an endless desert  
Well, its funny as hell, but no one laughs when they get there  
If you can't see the thin air than why the hell should you care? Well, it took a lot of work to be the ass that I am  
And I'm really damn sure that anyone can, equally easily fuck you over  
Well, I'm sure you'd tell me you got nothing to say  
But our voices shook hands the other day  
If you can't see the thin air what the hell is in the way? I might disintegrate into the thin air, if you'd like  
I'm not the dark center of the universe, like you thought Well, it took a lot of work to be the ass that I am  
And I'm really damn sure that anyone can, equally easily fuck you over  
Well, an endless ocean landin' on an endless desert  
Well, its funny as hell, but no one laughs when they get there  
If you can't see the thin air than why the hell should you care? Well, it took a lot of work to be the ass that I am  
And I'm real damn sure that anyone can, equally easily fuck you over  
Well, died saying something, but didn't mean it  
Everyone's life ends, but no one ever completes it  
Dry or wet ice, they both melt and you're equally cheated Well, it took a lot of work to be the ass that I am  
And I'm really damn sure that anyone can, equally easily fuck you over  
Well, I'm sure you'd tell me you got nothing to say  
But our voices shook hands the other day  
If you can't see the thin air what the hell is in the way?
