Begin

The Send

You called my name
I heard it echo days and days
But still I turned away from You
I've walked a thousand miles
But I want changeI am over feeling like I am all alone
So meet me where I am
Just so I can begin with You againYou called my name
A sound so sweet, I can't erase
But still I hid away from You
Until that sound had drowned
Now I need changeI am over feeling like I am all alone
So meet me where I am
Just so I can begin with You againI can't deny that I'm lost alone
And I need to deny who I've been
To begin with You againSo meet me where I am
Just so I can beginI am over feeling like I am all alone
So meet me where I am
Just so I can begin with You againI am over feeling like I am all alone
So meet me where I am
Just so I can begin with You againI am over feeling like I am all alone
So meet me where I am
Just so I can begin with You again
