

No One's Gonna Be a Fool Forever

[Diana Ross](#)

Darlin', you know you've got the cruelest streak
You only say you love me just to keep me weak
Your loving words have kept me here for many years
I'm leavin', I'll face the tears You know that no one's gonna be a fool forever
Ain't no one gonna be a fool for life
No one's gonna be a fool forever
This fool is gonna say, goodbye Beautiful plans are hard to forget
You promised me a family
A little girl with braids skipping off to school
A part of you and me will never be You know that, no one's gonna be a fool forever
Ain't no one gonna be a fool for life
No one's gonna be a fool forever
This fool is gonna say, goodbye No one's gonna be a fool forever
This fool is gonna say, goodbye Darlin', I'm leaving you but with regrets
Everything I have for you is gone, there's nothing left
You had me apologize for things, I didn't do
To keep my self-respect I'm leaving you You know that, no one's gonna be a fool forever
Ain't no one gonna be a fool for life
No one's gonna be a fool forever
This fool is gonna say, goodbye No one's gonna be a fool forever
Ain't no one gonna be a fool for life
No one's gonna be a fool forever
This fool is gonna say, goodbye No one's gonna be a fool forever
Ain't no one gonna be a fool for life
No one's gonna be a fool forever
This fool is gonna say, goodbye No one's gonna be a fool forever
Ain't no one gonna be a fool for life
No one's gonna be a fool forever
