

# Give It to Me

## The Whispers

There's a place and time when you have to face  
The fact that life is much too short to waste  
You'll review your style of playing the field,  
yes you will  
And then you'll ask yourself who do you belong to,  
who do you go home to girl  
All the singles bars and expensive treats doesn't  
warm your body between the sheets  
Though other men have touched your satin skin  
They're strangers to your heart, they are just impostor's  
I'm your true love doctor girl

Give me that love girl, give it to me  
I'll take all you got  
Give me that love girl, give it to me  
Because to satisfy me takes a lot  
A whole lotta lovin' give it to me  
Serve it cold, I'll make it hot  
Give me that love girl  
I know all the right spots just tell me  
when to stop girl

Oooh baby, what will it take for you to finally see (sweet,sweet lady)  
that what you seek in others you have in me (ooowee baby)  
You give yourself to others and when they're pleased (sweet, sweet lady)  
They just get up and leave it's wham, bam, thank you ma'am  
they don't give a damn oh girl( ooowee baby)  
Though I may not be Michael J or the Prince (sweet, sweet lady)  
I can make your life one hell of an event  
Oooo, I'm as stable as a giant oak tree ( sweet, sweet lady)  
Feel free to lean on me; we'll weather any storm  
You're the reason I was born oh girl

Give me that love girl, give it to me  
I'll take all you got  
Give me that love girl, give it to me  
because to satisfy me takes a lot  
and you're a lotta love girl give it to me  
serve it cold I'll make it hot

Give me that love girl,  
I know all the right spots just tell me when to stop  
We have the right equipment to make a life commitment oh girl  
Lady here I stand knowing that I can satisfy your needs  
more than any other man

Oh, girl give me that love girl, give it to me  
This moment begins the rest of our lives  
Hey, you'll never know fear or hurt or ever  
have a reason to work  
I'll be your bank and you will have the only key  
Give me that love girl, give it to me  
Day or night you can call on me  
Oooh, each night you'll break into a sweat as I kiss  
you where you pleasures are kept  
How happy we'll be sharing kinky fantasies
