

I Wish You the Best of Everything

The Ink Spots

You make me love you now say that we through
You love somebody else so what can I do
I wish the best of everything but why got the worse of it all

I never hold you to the votes that we made
I'll just forgive you for the game that you played
I wish the best of everything but why got the worse of it all

Thou you go away and leave me skies of gray
My love for you will live or die
If you're happy dear i'll never interfere except to tell you goodbye

I tried to hate you but it's hard to pretend
'Cause in my heart I love you right to the end
I wish the best of everything but why got the worse of it all

[Instrumental]

I tried to hate you but it's hard to pretend
'Cause in my heart I love you right to the end
I wish the best of everything but why got the worse of it all
