

How Bad Do You Want It?

[Don Henley](#)

Hey! You're leavin' tongue marks on the carpet
I know what you're lookin' at
You would walk on your lips through busted glass
If you could get next to that You think this is love?
Your education starts today
So you think this is love?
So tell me How bad do you want it?
How bad do you want it?
How bad do you want it?
Not bad enough So you, you put a hold on happiness
A day, a week, a year
You got to bring somethin' to this party, boy
If you party here And if you're lookin' for love
You better look some other way
If you're lookin' for love
I have to ask you How bad do you want it?
How bad do you want it?
How bad do you want it?
Not bad enough She gave you love and affection
Enough to weather any season
You found an excuse to walk away
But you didn't find no reason And you talk about love
But you don't know what it means
Yeah, you talk about love
So tell me How bad do you want it?
How bad do you want it?
How bad do you want it?
Not bad enough
Not bad enough How bad?
B-b-bad enough
