For real, for real

If you wont mind, I'll take my time with you
But although I'm shy,
Though I frollic I'm next so next level fly
With them other guysI really wanna reach out and touch you
If you could only realize how much I like you
Come up knocking at your door,
Give a girl a heave-hoe
And give a demonstration of what it's likeMan it's for real, for real
