Unstoppable

The Calling

Come and lay right on my bed, sit and drink some wine
I'll try not to make you cry
And if you get inside my head, then you'd understand
Then you'd understand meWhy I've felt so alone, why I kept myself from love
And you became my favorite drug
So let me take you right now and swallow you down
I need you insideIf we had this night together
If we had a moment to ourselves
If we had this night together
Then we'd be unstoppableDo you think that this is right, or is it really wrong
I know that this is what we've been wanting
And all this is burning in my soul, it fills up to my throat
It fills up till my heart is breakingIf we had this night together
If we had a moment to ourselves
If we had this night together
Then we'd be unstoppableNow, we can both learn
Somehow, you'll see it's all we have
Love, it keeps us together
And I need loveWhen I wake up without you, knowing you're not there
I'm only feeling half as good
Now I'm gonna find a way
To wrap you in my arms, you make me feel aliveIf we had this night together
If we had a moment to ourselves
If we had this night together
Then we'd be unstoppableIf we had this night together
If we had a moment to ourselves
If we had this night together
Then we'd be unstoppable
