Angel

The Ten Tenors

Angel, I hope you underdstand this
Angel, my heart is breaking
And I don't know what to say

Mama's gone, she left this morning
Now we're all alone
She left a note and
This is what it had to say,
What it had to say,

Chorus:
Just close your eyes and dream away
To think of me now and every day
And in your heart there
I will always remain
Remain with you now and everyday,

I will be, the light in darkness
When you couldn't see
Her life was fading,
Heavens where she's gone to say
Where she's gone to stay

Chorus

I wish that I could have another day,
Another day so I could hear you say,
Just close your eyes and dream away
To think of me now and every day
My angel with you I will always remain,
Your mama's gone but I am here to stay
Here to stay...
