

# What Comes Naturally

## Blackberry Smoke

Hey pretty baby come spend a little time with me  
Hey pretty baby come spend a little time with me  
Hey pretty baby come spend your time  
I ain't got but one thing in mind  
Come here baby do what comes naturally Come on in mama you don't need no key  
Come on in mama you don't need no key  
Come on in babe the door ain't locked  
I got the shade pulled down got your drink on the rocks  
Come on baby do what comes naturally hey hey hey  
Took my dollar and gave me back a dime  
Took my dollar and gave me back a dime  
Took my dollar gave me a dime I got  
Ten percent and a damn good time  
Come here baby do what comes naturally hey hey hey I ain't trying to stop you from running wild  
I just thought I might be your man for a little while  
Hey pretty baby you're my little queen bee  
Hey pretty baby you're my little queen bee  
Hey pretty baby you're my queen bee  
Come rub your honey all over me  
Come on baby do what comes naturally hey hey hey
