Coolin'

Walk Off the Earth

Hit it
Hit it
Hit itHit it
Hit it
Hit itCoolin' in Miami one summer day
Drivin' down the streets along the bay
My girls' hair's blowin' in the breeze
Her skin's gettin' tanned 'cause it's 90 degreesI took her home and met the homeboys
Before gettin' bored we'll avoid the noid
Went to Opa Locka, jumped in Luke's jet
To the Bahamas and Mixx said, "Bet"We landed in Nassau when walkin' downtown
We met four females all of were down
Went to the beach on Paradise Isle
We played water sports and had sex for a whileBefore we knew it it was time to go
'Cause the very next day we had a show
We'll let the people see that 2 Live is rulin'
Now back to the crib where we'll be coolin'Hit it
Hit it
Hit itHit it
Hit itCoolin' with the posse, playin' it hard
Rollin' two deep as I drop the top
Beams from the sun light up the city
As I roll through sidin', sittin' real prettyIt's a hot summer day and I feel good
So I turned up some music and hit the neighborhood
Spoke to the brothers, sweatin' the ladies
I bumped into my homeboy Ice in the MercedesWent up on the ave where they hustle real hard
Skeezers on the side cold jockin' our cars
Someone called my name, so I yoked it quick
And kicked it to the girlie's who was all on the tipAs nightfall came I was still out there
Havin' fun on the one carefree without a care
You say it, we can play it, I'm here for the choosin'
Marquis is chillin' hard, coolin'Hit it
Hit it
Hit itHit it
Hit it
Hit itLivin' the life of the rich and famous
We never had it so good, so who can blame us?
Here's a toast to our success
Break out the Dom 'cause we owe it to ourselvesSo let's find a hideaway in the Caribbean

Sail the ocean like a long-shore seaman
Goin' to the Islands to have some fun
Hit the beach and take in a little sunFeelin' the breezes of the cool winds blowin'
On a mission not knowin' where I'm goin'
It's a free day, and I got free time
And I'm loving every minute of this life of mineYou see, the lady I choose must like to cool
In a freak's cut bikini by the pool
Havin' good times that's what we'll be doin'
Like millionaires, stone cold coolin'Hit it
Hit it
Hit itHit it
Hit it
Hit itHit it
Hit it
Hit it
...
