

# Thank You

## Celine Dion

Down and out, all alone  
Sitting here, sad and ooh  
The sun is now going down  
It's kinda cold, seeking refuge(Verse)  
I trust a friendly face  
Or maybe just a smile  
Someone that understands  
What I'm going through right now  
And just before Iâ€™(Pre-Chorus)  
Lay me down to never wake  
I look up and I see you  
So with everything I am(Chorus)  
Thank youâ€™  
Thank youâ€™  
Because you didn't have to  
Thank youâ€™  
Thank youâ€™  
With everything I am  
Thank youâ€™(Verse)  
For the real sacrifice and the truth  
Behind your giving heart  
And how you'd never judge or faulted me  
Helped me 'cause you wanted to(Verse)  
And for your friendly face  
And for just your smiles  
Simply understanding that  
What I'm going through right now  
And just before Iâ€™(Pre-Chorus)  
Lay me down to never wake  
I look up and I see you  
So with everything I am(Chorus)  
Thank youâ€™  
Thank youâ€™  
Because you didn't have to  
Thank youâ€™  
Thank youâ€™  
With everything I am  
Thank youâ€™(Bridge)  
'Cause when no one else would care you did

And when no one else was there you were

Now I am so aware

You're a blessing to me

What did I do to deserveâ€¦

To deserve youâ€¦

There's no words

That could describe

That could describe

How much Iâ€¦(Chorus)

Thank youâ€¦

Thank youâ€¦

Because you didn't have to

Thank youâ€¦

Thank youâ€¦

With everything I am

Thank youâ€¦For everything I am

Thank youâ€¦ Thank youâ€¦ Thank youâ€¦

Thank youâ€¦

With everything I am

Thank youâ€¦
