Hey Mama

Hollyn

Hey mama, it's been the world since we talked
But all I really need right now is a voice to pull me out of the dark
Hey mama I know we are worlds apart
but is there anything you can say to mend this broken heart

Cuz I'm feelin all alone
my heart is longing to be home
hoping I can catch you on the phone

Hey mama, so many questions on my mind
And if I could go back, oh,
yeah, I'd hold the hand of time
Hey mama, I never thought that I would lose my way
but all I really want right now is to hear what you would say

You tell me, baby hold on after the dark comes a dawn
and there's a new sun risen, a new sun risen
no matter when or where, God would always here your prayer
yeah, he will always be, he will always be right there

cuz I'm feeling all alone my heart is longing to be home
hoping to catch you on the phone
now I'm feeling down and out losing myself in this big town
and I could use some you right now

hey mama, it's been the world since we've talked,
but all I really need right now is a voice to pull me out of the dark
Hey mama, I know we're worlds apart
but you've always given me a place to open up my heart
open up my heart, to open up my heart
