

She's a Tiger

Lola Ray

Comb your hair
Like the dog you are
Make some room
For your sister in the car Make room for new female behavior Buy and buy
In the time of every lie
Strap your legs
To the tip of your guitar Make room for new female behavior It's inevitable tonight
She's a tiger
She's a tiger He's a deer running home tonight
She's a tiger
She's a tiger Make room for new female behavior
Her mind is set
No one can save her It's inevitable tonight
She's a tiger
She's a tiger He's a deer running home tonight
She's a tiger
She's a tiger Now make some room for female behavior
Cause her mind is set now
And no one can save her It's inevitable tonight
She's a tiger
She's a tiger He's a deer running home tonight
She's a tiger Yeah, yeah so I said
It's inevitable tonight
He's a deer running home tonight
