Feeding On the Opiate

Lock Up

Play from your fucking heartEmbracing self destruction
Going nowhere fast
Wastelands in the shadow zone
Brood of fear attackThe fuel that feeds my pain
Will make me hate againTime bomb of frustration
Constant stranglehold
Circle downwards fast towards
A chaos that's perverseThe fuel that feeds my pain
Will make me hate againAnother try, another lie
All these hollow shells
Another face, another fake
What's beyond this hell?Seasons of the infinite
Feeding on the opiateAnother try, another lie
All these hollow shells
Another face, another fake
What's beyond this hell?Seasons of the infinite
Feeding on the opiate
