

El-Oh-Vee-Ee

The Used

Stuff your pocket stuff your mouth
Much more than feeding
Your bloated god your bank account
Your empathy's fleeting
Now that you own the cure, you bought the truth, still you want more
Down on you're knees you bleed it out
This type of believing Ouuh whoa
Hold on wait
We have had all we can take
You can keep the money
Cause all we need is El-Oh-Vee-Ee, love
Ouuh whoa
El-Oh-Vee-Ee, love
Ouuh whoa
El-Oh-Vee-Ee, El-oh-Vee-Ee, love You pushed the point to no return
Take more and repeat it
Stockpiled possessions watch them burn
We've got all we needed
Before you got to far
We realized
Just who you are
Down on you're knees you bleed it out
This type of believing Ouuh whoa
Hold on wait
We have had all we can take
You can keep the money
Cause all we need is El-Oh-Vee-Ee, love
Ouuh whoa
El-Oh-Vee-Ee, love
Ouuh whoa
El-Oh-Vee-Ee, El-oh-Vee-Ee, love You've got your mansion
You've got your minions
Protected privilege
But we've got love
You've got your black gold
You've got your pipeline
Capitalism
But we've got love
You've got religion

Control the herds
You've got your slave trade of prostitution
You've got your green god
But we've got love(Yes we've got love)Ouh whoa
Hold on wait
We have had all we can take
You can keep the money
Cause all we need is El-Oh-Vee-Ee, love
Ouh whoa
El-Oh-Vee-Ee, love
Ouh whoa
El-Oh-Vee-Ee, El-oh-Vee-Ee, love(Yes we've got love)
(Love)
