Advisory - the following lyrics contain explicit language:

Alright, yeah, yeah, yeah, whoo, whoo, whoo
Yeah, yeah, yeah, whoo, whoo, whooWanna give it up, wanna beef it up
Wanna make it beg for more
Gotta keep it clean, you little meat-machine'Cause it's the only only thing you got
Gotta make it last, sign another brat [unverified]
Get it ready to get it on, you gotta wipe it clean
Get the magic sheetSo wipe it 'til it bleeds, yeah, yeah, yeah
Wipe it 'til it bleeds, whoo, whoo, whooIt's a golden door make it make
Some noise, you gotta make it clean
Such a shiny dream you gotta check the scene
Got my Scandinavian leather onLearn to let it dry or it'll fucking die
You gotta let it bleed, gotta stretch it out
Gotta flex [unverified] it out, work the baby
All night long, work the baby all night longAll night long, see the young Lord
Looking so very good, he rode down to the village
Just like I knew he would, such a lusty little
Pimpster he takes what he wants, [unverified]
And now right nowWipe it 'til it bleeds, you gotta keep it clean
