

# Desolate Path to Apocalyptic Ruin

## Goatwhore

The Seething Light Inhales  
Breath Of Mourned DelightAwaiting... The Storm  
Blood, Fire, Chaos, And WarFrom The Black AbyssDamnation... Of The Pure  
Fires Consume EternityThe Quest For Higher Pain  
Endless Trail To An Extinct Plain  
Obsessed With The Murdering Hand  
This Numbness Covers My MindBlind... Slowly  
Breaks My LawsAlmighty... Gods Of War  
Besiege The Holy ThroneLight... Betrays Me  
This Is My AloneDrifting On The Winds  
Beneath Midnight Skies  
Coldness Covers My Latent Eyes  
Snake Skin Forms To Ignite SinSmearing The Hatred Of Disgust  
Upon The Faces Of The Meek  
Their Lips Burn With The Taste Of Plagued VirtuesThe Hands Of Destiny Are Non-Immortal  
Deaths Foretold Of Past  
Condemned To Repeat This DiseaseLoss Of DivinityDivine Loss Of SightBlack As The Cold Silence  
I've Felt The Wars Of The EmpiresBreaking This Seal Inside For The Son Of All Wars  
For The Reign Of A Forgotten Faith  
Conversion Of The Flame To Fall To Sea  
Filling The Oceans With All, Now I Will Become The SeasI Contest This Prayer To My Hatred  
All Man's Lies Fall Into Sea To ExistReburn This Seal For A Closing Of Might  
The Divine Bound To Writhe Into Eternity  
This Is My Blame For The Loss Of The Sky  
To Declare War Over These Lips Of Spite
