

As Fast As You Can (feat. Carmen Rodgers)

The Foreign Exchange

I was in bed the other night baby
So many pictures in my mind
I tossed and turned 'til it was daybreak
But restful sleep I did not find
I couldn't shake this funny feeling baby
It's intuition I suppose
Cause everybody gets a window baby
But what if my window is closed Just saying if I had the chance
I'd take a bus, ride plane, or train baby
And run away fast as I can
No time to waste, can't you see it
So darling if you get the chance
You'd take a bus, ride plane, or train baby
And run away fast as you can
You'd take a bus, ride plane, or train baby
And run away fast as you can
And run away fast as you can
I was in bed the other night baby
Lost and alone inside my thoughts
Thinking about this life and my dreams
And why they seem so far apart
I couldn't shake away the feeling baby
It's intuition I suppose
Cause everybody's got a window baby
But what if my window is closed
