

Big Love

Chicken

give me more i can't get enough
i need your big love
give me more i can't get enough
i need your big love
big loveyou give me kisses just like candy
then you give me more
gotta kick it five & you are all the things that i adore
the way you walk, the way you touch just makes me crazy
it's not enough
we don't play games that's why we're always havin' so much fun
can't wait to see you
got me rushin
now when i am done
you're 99.9% is really good but it's not enough(tell me why..)
if you won't give me love
why am i wasting my time
(why...)
i could be kicking back
instead i am losing my mind
saying
give me more i can't get enough
i need your big love
give me more i can't get enough
i need your big love
big loveeverytime i look into your eyes
i know i'm seeing more
you got me feelin' things that i have never felt before
your 99.9% is pretty good but it's not enough(tell me why...)
if you won't give me love
why am i wasting my time
(why...)
don't think you hear me girl
listen, press stop & rewind
saying
give me more i can't get enough
i need your big love
give me more i can't get enough
i need your big love
big lovei wrote our names in the sand

the tide washed it away
you got my heart in your hand
when will i hear you say
i love youi neva eva gonna lie
don't wanna hear you say the words "bye bye"
you know that you had my heart the first try
[now i hafta say it ain't the big love] ?
you're the only one that i'm thinkin' of
gotta give me the whole heart or no heart
don't start if you won't finish or break my heart in a minute
i know you think that i'm strong
but only with your strength can i go on
and sing this song, so sing along
and fo'eva you'll be my girl
and fo'eva you'll fill my world
with big love, big love(can you tell me why)
if you won't give me love
why am i wasting my time
(why...)
don't think you hear me girl
listen, press stop & rewind
saying
give me more i can't get enough
i need your big love
give me more i can't get enough
i need your big love
big love
give me more i can't get enough
i need your big love
give me more i can't get enough
i need your big love
big loveoh yeah...
oh yeah yeah...
oh yeah...
can't get enough
oh yeah yeah...
oh yeah yeah... oooh...
give me more
give me more
oh yeah yeah...
oh yeah...
can't get enough
