Angel Child

Oasis

Won't you take me?
Won't you take me to the edge of night and make me?
Won't you make me walk into the light?And there'll be no eyes
No eyes that see such beauty would lose their sight
And there'll be no lies
No lies that you could tell me to make things right'Cos I gave all my money to people and things
And the price I'm still paying for the shit that it brings
Doesn't fill me with hope for the songs that you sing
Tonight this is your life, angel childWhen you find out
When you find out who you are, you know you'll be free
To see your own abilityBut there'll be no eyes
No eyes that see such beauty could lose their sight
And there'll be no lies
No lies that you could tell me to make things right'Cos I gave all my money to people and things
And the price I'm still paying for the shit that it brings
Doesn't fill me with hope for the songs that you sing
Tonight this is your life, angel childTonight this is your life
This is your life, angel child of mine
Tonight this is your life
This is your life, angel childTonight, this is your life
This is your life, angel child of mine
This is your life, this is your life, angel child
Tonight, this is your life, this is your life
Angel child
