

She's Got a New Disguise

Matthew Good Band

Suffocate for me
You can pretend that you're pretty
It's too loud in here for me to tell
I wonder when you move
Do you look to see who's watching you?
Locked in the groove, little bird What will it cost to buy you back?
To buy your eyes? To buy your smile?
Well she wants a new name
She wants a new disguise And all I want is you
All I want's the truth
She's got a new disguise
Pull the shade and lock the door
You don't need it anymore
She's got a new disguise, she's got a new disguise Suffocate for me, little bird, little bird, little bird
Mirrors over your bed
God lives above your head, little bird
Well, I remember everything you say
Everything you do, everything you always wanted
Breathe for me, little bird And all I want is you
All I want's the truth
She's got a new disguise
Pull the shade and lock the door
You don't need it anymore
She's got a new disguise And all I want is you
And all I want is you
And all I want, want
Little bird, little bird Where is the face that you know?
Where is the face that you know? And all I want is you
And all I want is you
And all I want is you
