

Gravity - Radio Edit

DJ Fresh

All hands on the trigger
All eyes on the gun
They don't believe that we're
Strong enough to hold on 'Cause I'm the only one to get you
The only one to figure you out
You're a place I can go to
A face I couldn't live without
And nobody sees what we do
Don't need anybody else around
It don't matter what they told us
Gravity won't hold us down
Not even gravity can't hold us
Not even gravity can't hold us down
No gravity can't hold us
Can't understand the logic
Of how we came to be Oh what we're from it
We should dare to dream
'Cause I'm the only one to get you
The only one to figure you out
And there's nothing left to go through
Just look at where we are right now
They'll never see it in the way we do
'Cause they never have what we have found It don't matter what they told us
Gravity won't hold us down
(whoa, whoa, whoa, whoa...)
Even gravity can't hold us
Even gravity can't hold us down
Even gravity can't hold us
Not even that gravity can hold us
Gravity, gravity
And even gravity, gravity
Gravity, gravity
No gravity can't hold us down
Gravity, gravity Not even gravity
Gravity can't hold us
Even gravity can't hold us down
Can't hold us down
Can't hold us down
