

# Lady Sleep

Maximilian Hecker

Lady Sleep, please kiss me sweetly  
Throw me in a wad of cotton wool  
And close my eyes, so I can see  
Will you breast-feed with bewitching silence

Treat me like I was your only son  
And love me like there was no morning?  
You unfaithful lover  
Careless mother

Cheating angel  
'Cause you always leave me after some time  
So lustrously and disinfected  
I'll be diving into you  
When, eventually, will you stay forever?
