

Every Little Step (Remix)

Bobby Brown

Good lovin'
Ow, yeah I can't sleep at night, I toss and turn
Listenin' for the telephone
But when I get your call I'm all choked up
Can't believe you called my home
And as a matter of fact, it blows my mind
You would even talk to me
Because a girl like you is a dream come true
A real life fantasy No matter what your friends try to tell ya
We were made to fall in love
And we will be together, any kind of weather
It's like that, it's like that Every little step I take
You will be there
Every little step I make
We'll be together Every little step I take
You will be there
Every little step I make
We'll be together I can't think too straight, I'm all confused
You must've put a thing on me
Because there aren't no words that can explain
I'm livin' in ecstasy
And you can best believe, I got ya back
You never have to feel no pain
'Cause I'd dedicate my life to you
You'll never look for love again No matter what your friends try to tell ya
We were made to fall in love
And we will be together, any kind of weather
It's like that, it's like that Every little step I take
You will be there
Every little step I make
We'll be together Every little step I take
You will be there
Every little step I make
We'll be together Every little, woo!
Every little step I. (every little step)
Every little, every little step I take Every little.
Every little step I (every little step)
Every little, we'll be together girl Good lovin'
Good lovin' No matter what your friends try to tell ya

We were made to fall in love
And we will be together, any kind of weather
It's like that, it's like that (Girl!) Every little step I take
You will be there
Every little step I make
We'll be together Every little step I take
You will be there
Every little step I make
We'll be together Every little step I take
You will be there
Every little step I make
We'll be together Every little step I take
You will be there
Every little step I make
We'll be together Every little step I (every little step)
Every little
Every little step I take
Every little
Every little step I take (every little step)
Every little (we'll be together girl)
Every little step I take (Good lovin')
