

Birthday

Selena Gomez

Tell 'em that it's my birthday
Tell 'em that it's my birthday
Tell 'em that it's my birthday when I party like that
Every night's my birthday
They don't know so it's OK
Tell 'em that it's my birthday when I party like that
(Jazz it up, Jazz it up)
Happy as can be
Fallin' into you fallin' into me
(so yummy!)
How do you do?
Come and meet the queen
Cake and cream
Blow your dreams blow your dreams
Blow your dreams away with me
Blow your dreams blow your dreams
Blow your dreams away with me
(so yummy!)
Tell 'em that it's my birthday
Tell 'em that it's my birthday
Tell 'em that it's my birthday when I party like that
Every night's my birthday
They don't know so it's OK
Tell 'em that it's my birthday when I party like that
(Jazz it up, Jazz it up)
Feelin' fine and free
Crashin' into you crashin' into me
(so yummy!)
It's all I wanna do
Come and dance with me
Pretty please
Blow your dreams
Blow your dreams
Blow your dreams away with me
Blow your dreams
Blow your dreams
Blow your dreams away with me

Tell 'em that it's my birthday

Tell 'em that it's my birthday
Tell 'em that it's my birthday when I party like that
Every night's my birthday
They don't know so it's OK
Tell 'em that it's my birthday when I party like that
Tell 'em that it's my birthday
Tell 'em that it's my birthday
Tell 'em that it's my birthday when I party like that
Every night's my birthday
They don't know so it's OK
Tell 'em that it's my birthday when I party like that
Blow your dreams
Blow your dreams
Blow your dreams away with me
Blow your dreams
Blow your dreams
Blow your dreams away with me
Blow your dreams
Blow your dreams
Blow your dreams away with me
Blow your dreams
Blow your dreams
Blow your dreams away with me
Party on, baby
Tell 'em that it's my birthday
Tell 'em that it's my birthday
Tell 'em that it's my birthday when I party like that
Every night's my birthday
They don't know so it's OK
Tell 'em that it's my birthday when I party like that
Tell 'em that it's my birthday
Tell 'em that it's my birthday
Tell 'em that it's my birthday when I party like that
Every night's my birthday
They don't know so it's OK
Tell 'em that it's my birthday when I party like that
